## Hold pladsen ren

Området var rent da du kom - hjælp til med at holde det rent. Et renovationshold arbejder døgnet rundt på hele området og hvis du bruger affaldsposer og containere gør du det meget nemmere for dem. Hvert telt får en pose til skrald - har du ikke fået en af campingvagten kan du få en på pladskontoret midt på pladsen (se kortet side 16-17).

Glasskår er skyld i flest ulykker på festivalen, husk at alle glasflasker (øl, sodavand, vin) kan sælges tilbage til salgsboderne:

Øl- og sodavandsflasker kr. 1,-  
Alle andre flasker 85 øre.

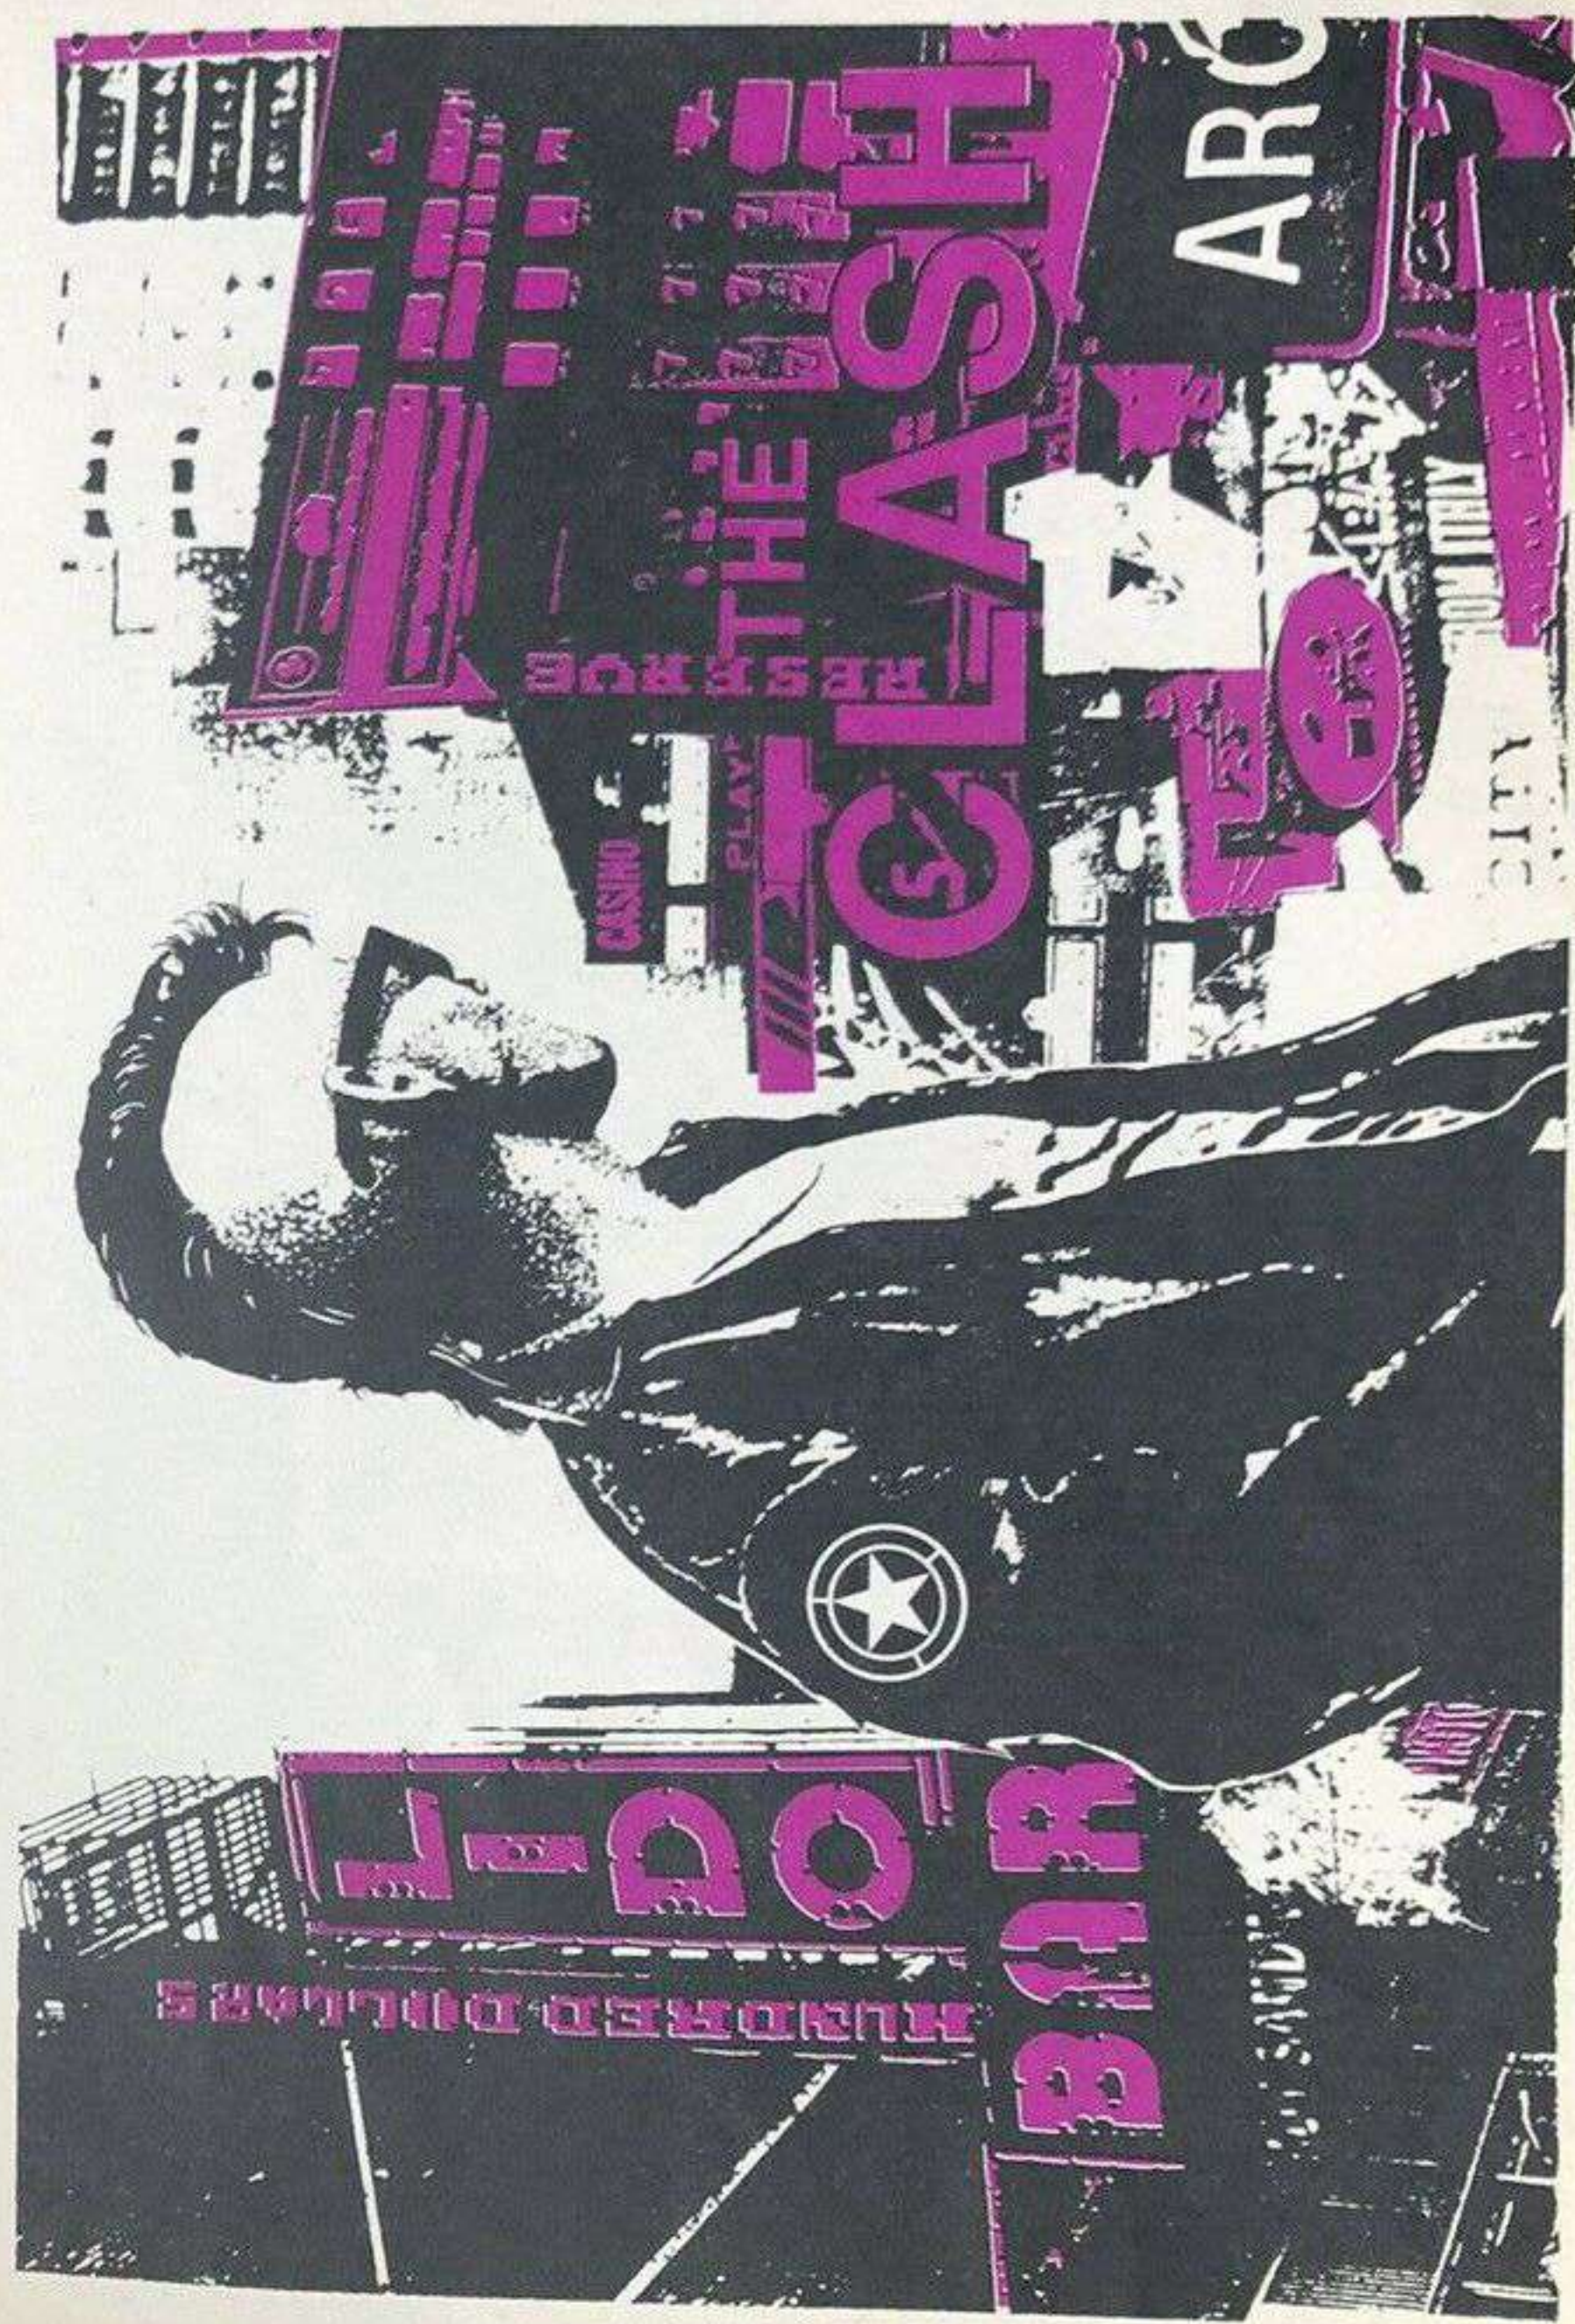

## Keep the area tidy

The area was clean when you arrived - please keep it that way. Refuse collection groups are working continuously and if you use the waste bins and containers you can help them a lot. Every tent will be given a bag for litter - if you didn't get one from the camping guard, go to Site office in the centre of the area and get one. (see map, page 16-17).

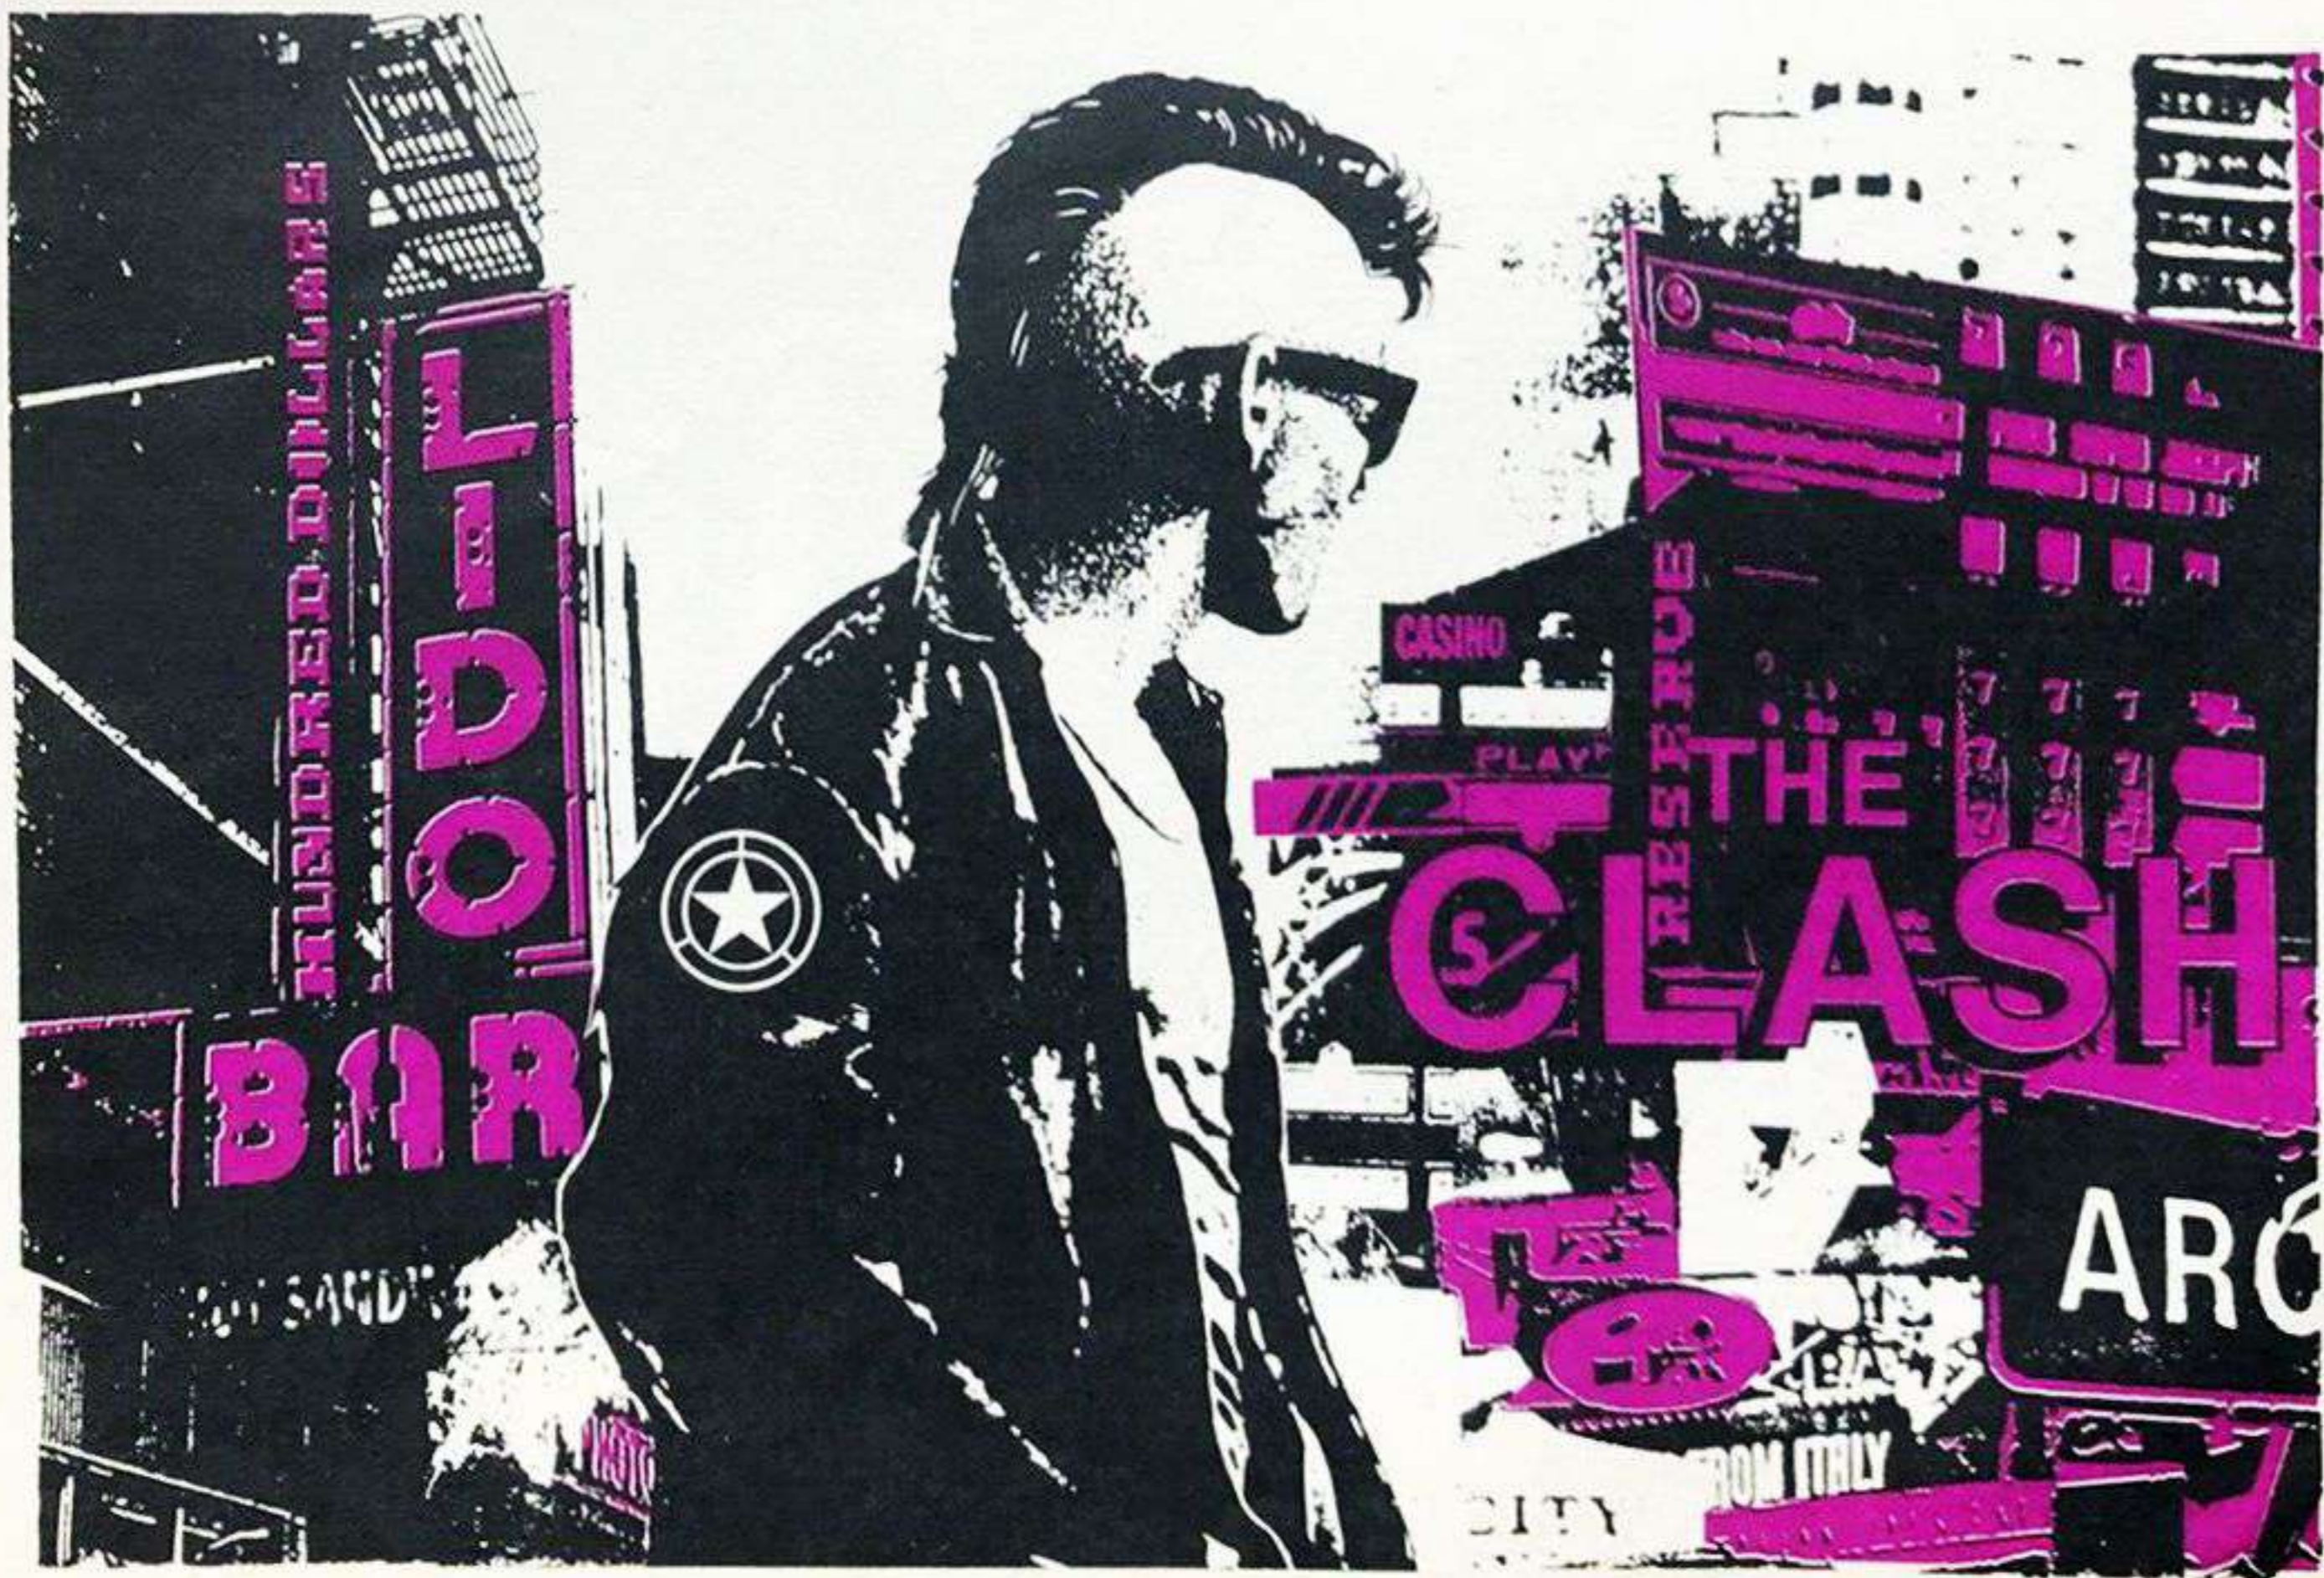

Broken glass is the cause of most accidents during the festival - remember that all glass bottles (beer, pop, wine) can be sold at the beer stalls:  
Beer and pop bottles Dkr. 1,-  
All other bottles 85 øre.
